

Susanna's homemade Christmas puddings 2016

in aid of the St Martin-in-the-Fields Christmas Appeal

Last year, helped by the generosity of those who gave donations, we sent £1,690 to the St Martin-in-the-Fields Christmas Appeal. Thank you. Help us to raise money once again this year for the appeal and its important work helping vulnerable and disadvantaged people in central London and across the United Kingdom.

The puddings are made with free range eggs and dried fruit free from pesticides and chemicals, and are suitable for vegetarians. Alcohol-free and gluten-free puddings are available on request. Allergens: contain egg and gluten, may contain traces of nuts and soya. The lidded basins (return for reuse if possible) are ready to microwave or steam. Cooking instructions are provided.
