KEEP UP-TO-DATE

The timescales presented here are accurate at the time of printing. However, with large projects such as this, it is possible for changes to occur along the way. You can keep up-to-date with progress by visiting our website and using social media. If you have any questions, please feel free to get in touch.

Where to find us

OUR CONTRACTORS

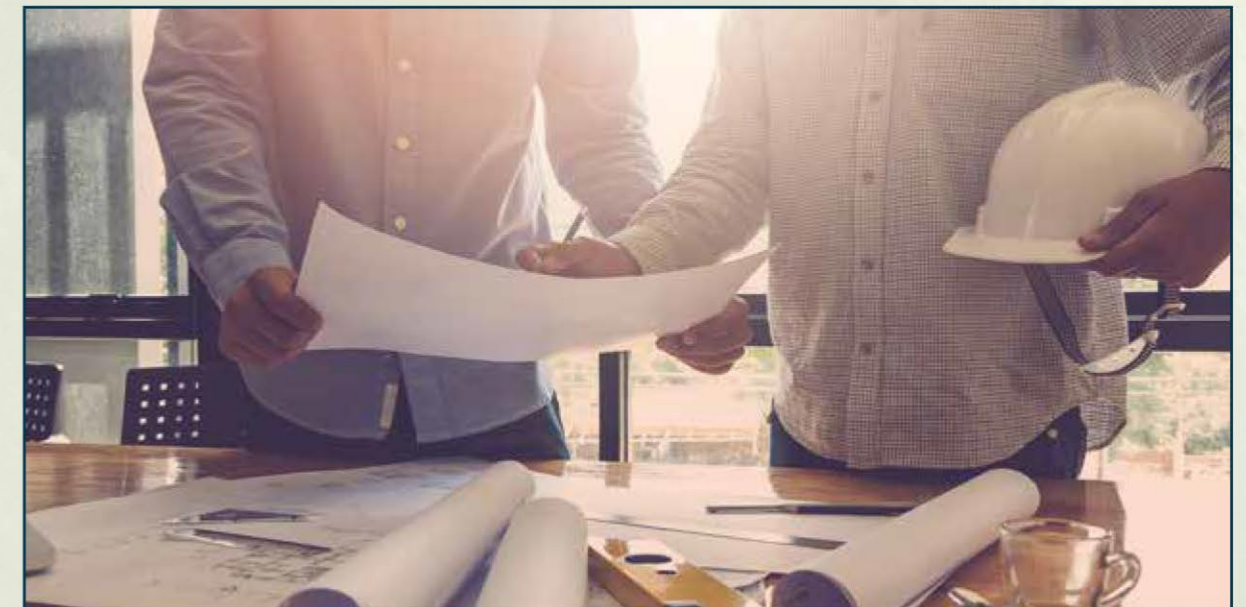

THE CONTRACTOR CARRYING OUT CONSTRUCTION OF THE HOULTON LINK ROAD IS GALLIFORD TRY.

Galliford Try is a local contractor with extensive experience in delivering these kinds of projects within local communities. We have placed a series of requirements on them to be followed during the construction period. This is what you can expect:

- They will comply with specific traffic routes, with no construction traffic passing through the village of Clifton or Hillmorton Locks (more details inside this leaflet)
- Hours of work will be: Monday to Friday - 7.30am - 5.30pm; Saturday - 7.30am - 2pm; Sunday and out-of-hours work - by agreement (see our website for notification of this if it should occur)
- Operations from main compound at Hillmorton Lane and smaller satellite compounds at Butlers Leap and at the eastern end of the road where it connects to Houlton (see plan inside leaflet)
- A duty of care to maintain high standards of behaviour as well as health and safety

Galliford Try follow a Considerate Contractors Scheme and have a point of contact for you during the duration of this project.

Gino Salvatore
Tel: 07918 640481

Please note

- A project as large and complex as the Houlton Link Road will require large machinery. Please be reassured that we will make every effort to keep the levels of disruption to a minimum. We ask you to bear with us throughout the development period.
- Whilst we make every effort to brief our contractors on the correct routes and behaviours there may be instances where errors occur. If you see anything outside of acceptable standards, please inform us - supplying date, time and vehicle registration if possible.
- We will endeavour to notify you should there be any significant changes to plans.
