

CLIFTON NEIGHBOURHOOD WATCH

At the time of writing there was one incident in Clifton during the last period: Incident No 112 02/12/2019 – Newall Close, Clifton, where a small dumper truck has been stolen.

Please be aware of scams, recent ones might appear to come from TV Licencing, Amazon Prime, the Police, Broadband companies, Credit Card companies and Banks. Some of these are very convincing and can arrive through your phone, text, eMail etc. Check by calling the company on their nationally advertised phone number and if possible use a different phone from the one you received the potential scam on (the fraudsters might have your phone on hold during the scam so any calls you dial will not connect and it will still be the fraudsters on the line). For information about how you can protect yourself from this kind of fraud, visit:
